

Consent for Student to Participate in Gaggle.net

The Pennsylvania Academic Standards for Science & Technology require instruction in electronic mail skills and encourage the provision of electronic communication for our students and teachers. In order to provide this within our curriculum, the Hanover Area School District has subscribed to Gaggle.net.

Gaggle provides safe, teacher-controlled email accounts for students. Students are limited to the number of emails sent, and allowed only to send emails to other students and teachers in their school. Gaggle.net meets the regulations of the Children's Internet Protection Act (CIPA) and the Children's Online Privacy Protection Act of 1998 (COPPA). Any questionable emails are not delivered and are forwarded to a teacher mail folder for review and disciplinary action if required.

Complete this consent form and return it to school with the student. Students will not be allowed to participate in Gaggle until this document has been signed and returned. For more information about Gaggle Terms of Service and Gaggle Privacy Policy, visit www.gaggle.net.
