ATHLETIC INJURIES **2017-2018 SCHOOL YEAR**

Dear Parents/Guardians:

The Hanover Area School District does not endorse or recommend any Medical Facility or Treatment Center in the treatment of its students who have been injured during Athletic Events or other Extra-Curricular Activities. In case of a non-emergency, the parents/guardians must have the injured student treated at a facility which is covered by their Medical Insurance, for example, if you have HMO Insurance Coverage, you must go to your HMO hospital for treatment. In the case of an emergency, the injured student should be taken to the closest available Medical Facility for initial treatment.

Attached is a listing of steps that must be followed for insurance when a student is injured.

Sincerely,

William Jones
Superintendent

IMPORTANT INSURANCE INFORMATION

If your child is injured while playing Sports or in a school related Extra Curricular Activity, you must follow the Steps below in order for your medical bills to be paid promptly:

STEP #1 All injuries must be reported immediately to the Coach, Activity Director, Athletic Trainer or the Athletic Director listed below:

MR. RUSSELL DAVIS, ATHLETIC DIRECTOR
HANOVER AREA SCHOOL DISTRICT
1600 SANS SOUCI PARKWAY
HANOVER TOWNSHIP, PA 18706-6091

TELEPHONE # (570) 831-2304
FAX # (570) 831-2311

STEP #2 After the School District Insurance pays the first \$100.00 for Usual and Customary Services, you will receive a notification from Peoples Benefit Life Insurance Company through Bollinger, Inc. that it has paid the first \$100.00. Once this occurs, send the notification from Peoples Benefit Life Insurance Company, that they paid the first \$100.00 along with any remaining or subsequent bills for Usual and Customary Services to your Insurance Company (HMO, PPO, etc.).

STEP #3 All Usual and Customary Services provided that is not covered by your Insurance Company, should be submitted to the School District Insurance Company.

<p><u>NOTE:</u> The only services that will be covered by any Insurance Carrier must be considered Usual and Customary. Any services requested by parents that are not considered Usual and Customary will be done at the parent's expense.</p>

R E: Sports Accident Insurance Procedures
D A T E: 2017-2018 School Year

The Hanover Area School District will supply all participants of school related sports activities with insurance provided by Peoples Benefit Life Insurance Company through Bollinger, Incorporated.

In the event of any injury, the following procedures must be followed:

HANOVER AREA SCHOOL DISTRICT
2017-2018 SCHOOL YEAR

SPORTS/STUDENT ACCIDENT INSURANCE PROCEDURES

1. The Coach, Athletic Trainer, or Activity Director must complete a Student Accident Claim Form upon notification of an injury, then submit the Student Accident Claim Form to the Athletic Director.
2. The Athletic Director must verify all the information on the Student Accident Claim Form, then sign the School District's portion of the Claim Form.
3. The Athletic Director will mail the Student Accident Claim Form, within 48 hours of injury, to the School District's Insurance Company:

Frank P. Crossin Agency, Inc.
(Agent for Hanover Area School District)
575 Pierce Street, Suite 302
Kingston, PA 18704

(570) 822-5111 or FAX (570) 824-8825

4. Frank P. Crossin Agency, Inc., will then forward the Student Accident Claim Form to the Parents/Guardians with instructions for completing the form and processing the claim. All bills related to the injury are to be sent with the Student Accident Claim Form.

A self-addressed stamped envelope will be provided to return the completed Claim Form to Frank P. Crossin Agency, Inc.

If you have any questions with the Claim Form, please call:

**FRANK P. CROSSIN AGENCY, INC.
(Agent for Hanover Area School District)
575 PIERCE STREET, SUITE 302
KINGSTON, PA 18704**

(570) 822-5111 or FAX (570) 824-8825

5. The Athletic Insurance provided is Secondary Coverage, not Primary coverage. This means that all claims must be first submitted to your own personal insurance carrier. The Secondary Insurance will cover the first \$100.00 of claims incurred regardless if you have insurance or not. If you have insurance, any procedures submitted for payment to your own insurance carrier which are approved and not paid for in full, are to be submitted to A.J. Lupas Insurance Agency, Inc. for processing. This includes, but is not limited to deductibles, coinsurance, office visits, etc. If you have no personal insurance, then the Secondary Coverage provided by Peoples Benefit Life Insurance Company through Bollinger, Inc., will then become the injured's Primary Coverage. In this case, all claims incurred must be submitted to Frank P. Crossin Agency, Inc., for processing.

IT IS EXTREMELY IMPORTANT THAT ALL STEPS ARE COMPLETED AS PROMPTLY AS POSSIBLE.

ACTIVITY DIRECTOR AS SOON AS POSSIBLE.**

COACHES

PLEASE BE AWARE OF THE FOLLOWING

District Policies:

1. Absence from school for the entire day, or any part of the day, without prior consent by the principal renders the athlete ineligible for games or practices that day. Friday absence means the athlete is ineligible for Saturday.
2. Any student determined to be under the influence of drugs or alcohol while on school property receives a mandatory ten (10) day suspension and mandatory counseling at a drug rehabilitation center.
3. No coaches or athletes may use the swimming pool.
4. No students or athletes are permitted in the building without proper supervision.
5. Indoor practices must coincide with custodial hours.

STATE REGULATIONS WORTH NOTING:

All sports are confined to their particular seasons mandated by the P.I.A.A.

The P.I.A.A. has no rules or authority to govern conditioning, therefore, conditioning can take place at anytime during the school year. Coaches should be present at and control their respective conditioning program. Conditioning can take place at anytime of the year.

ELIGIBILITY:

1. Age: Junior High – A student in the ninth (9) grade who turns sixteen (16) on or after August 1st is eligible for Junior High participation.
2. A student remains eligible for senior high activities up to the age of nineteen (19), if he turns nineteen on or after August 1st.
3. Academics: Minimum standard is the passing of a total of four (4) credits in the semester previous to the one in which he/she is participating in an activity. Fall semester eligibility will be determined by the previous year's grades and credits.
4. Attendance: All students, in order to be eligible for activities, must not miss twenty (20) or more days of absence in the previous semester. Penalty is the student is ineligible for all activities and practices for sixty (60) semester days following his twentieth day of absence. All additional days missed from the twentieth (20th) day up to the present are not counted as part of the sixty (60) days.
5. Parental consent forms are necessary for each participant and each sport he/she participates in as is a physical examination.

PERIOD OF PARTICIPATION:

1. Each senior high participant can play three (3) seasons per activity, (i.e., three (3) years of baseball and three (3) years of golf, etc.)
2. Each junior high participant can play three (3) seasons per activity assuming the junior high includes 7, 8, and 9th grades. He can, however, participate only once per grade per sport. For instance, a boy plays basketball in ninth grade, he fails ninth grade, he cannot participate in basketball again in ninth grade on the junior high level.
3. A pupil is considered as participating only if he has played in a game.
4. Pupils can participate for eight (8) semesters past eighth grade. Waiver can be obtained for illness, etc.

PENALTIES:

1. For all state regulations, penalties range from expulsion to suspension, down to forfeiture of championships and forfeiture of games.
2. District regulation penalties will be determined by the principal and athletic director.

**PIAA COMPREHENSIVE INITIAL
PRE-PARTICIPATION PHYSICAL EVALUATION**

INITIAL EVALUATION: Prior to any student participating in Practices, Inter-School Practices, Scrimmages, and/or Contests, at any PIAA member school in any school year, the student is required to (1) complete a Comprehensive Initial Pre-Participation Physical Evaluation (CIPPE); and (2) have the appropriate person(s) complete the first six Sections of the CIPPE Form. Upon completion of Sections 1 and 2 by the parent/guardian; Sections 3, 4, and 5 by the student and parent/guardian; and Section 6 by an Authorized Medical Examiner (AME), those Sections must be turned in to the Principal, or the Principal's designee, of the student's school for retention by the school. The CIPPE may not be authorized earlier than June 1st and shall be effective, regardless of when performed during a school year, until the latter of the next May 31st or the conclusion of the spring sports season.

SUBSEQUENT SPORT(S) IN THE SAME SCHOOL YEAR: Following completion of a CIPPE, the same student seeking to participate in Practices, Inter-School Practices, Scrimmages, and/or Contests in subsequent sport(s) in the same school year, must complete Section 7 of this form and must turn in that Section to the Principal, or Principal's designee, of his or her school. The Principal, or the Principal's designee, will then determine whether Section 8 need be completed.

B. **Understanding of eligibility rules:** I hereby acknowledge that I am familiar with the requirements of PIAA concerning the eligibility of students at PIAA member schools to participate in Inter-School Practices, Scrimmages, and/or Contests involving PIAA member schools. Such requirements, which are posted on the PIAA Web site at www.piaa.org, include, but are not necessarily limited to age, amateur status, school attendance, health, transfer from one school to another, season and out-of-season rules and regulations, semesters of attendance, seasons of sports participation, and academic performance.

Parent's/Guardian's Signature _____ Date ____/____/____

C. **Disclosure of records needed to determine eligibility:** To enable PIAA to determine whether the herein named student is eligible to participate in interscholastic athletics involving PIAA member schools, I hereby consent to the release to PIAA of any and all portions of school record files, beginning with the seventh grade, of the herein named student specifically including, without limiting the generality of the foregoing, birth and age records, name and residence address of parent(s) or guardian(s), residence address of the student, health records, academic work completed, grades received, and attendance data.

Parent's/Guardian's Signature _____ Date ____/____/____

D. **Permission to use name, likeness, and athletic information:** I consent to PIAA's use of the herein named student's name, likeness, and athletically related information in video broadcasts and re-broadcasts, webcasts and reports of Inter-School Practices, Scrimmages, and/or Contests, promotional literature of the Association, and other materials and releases related to interscholastic athletics.

Parent's/Guardian's Signature _____ Date ____/____/____

E. **Permission to administer emergency medical care:** I consent for an emergency medical care provider to administer any emergency medical care deemed advisable to the welfare of the herein named student while the student is practicing for or participating in Inter-School Practices, Scrimmages, and/or Contests. Further, this authorization permits, if reasonable efforts to contact me have been unsuccessful, physicians to hospitalize, secure appropriate consultation, to order injections, anesthesia (local, general, or both) or surgery for the herein named student. I hereby agree to pay for physicians' and/or surgeons' fees, hospital charges, and related expenses for such emergency medical care. I further give permission to the school's athletic administration, coaches and medical staff to consult with the Authorized Medical Professional who executes Section 6 regarding a medical condition or injury to the herein named student.

SECTION 3: UNDERSTANDING OF RISK OF CONCUSSION AND TRAUMATIC BRAIN INJURY

What is a concussion?

A concussion is a brain injury that:

- Is caused by a bump, blow, or jolt to the head or body.
- Can change the way a student's brain normally works.
- Can occur during Practices and/or Contests in any sport.
- Can happen even if a student has not lost consciousness.
- Can be serious even if a student has just been "dinged" or "had their bell rung."

All concussions are serious. A concussion can affect a student's ability to do schoolwork and other activities (such as playing video games, working on a computer, studying, driving, or exercising). Most students with a concussion get better, but it is important to give the concussed student's brain time to heal.

What are the symptoms of a concussion?

Concussions cannot be seen; however, in a potentially concussed student, **one or more** of the symptoms listed below may become apparent and/or that the student "doesn't feel right" soon after, a few days after, or even weeks after the injury.

- Headache or "pressure" in head
- Nausea or vomiting
- Balance problems or dizziness
- Double or blurry vision
- Bothered by light or noise
- Feeling sluggish, hazy, foggy, or groggy
- Difficulty paying attention
- Memory problems
- Confusion

What should students do if they believe that they or someone else may have a concussion?

- **Students feeling any of the symptoms set forth above should immediately tell their Coach and their parents.** Also, if they notice any teammate evidencing such symptoms, they should immediately tell their Coach.
- **The student should be evaluated.** A licensed physician of medicine or osteopathic medicine (MD or DO), sufficiently familiar with current concussion management, should examine the student, determine whether the student has a concussion, and determine when the student is cleared to return to participate in interscholastic athletics.
- **Concussed students should give themselves time to get better.** If a student has sustained a concussion, the student's brain needs time to heal. While a concussed student's brain is still healing, that student is much more likely to have another concussion. Repeat concussions can increase the time it takes for an already concussed student to recover and may cause more damage to that student's brain. Such damage can have long term consequences. It is important that a concussed student rest and not return to play until the student receives permission from an MD or DO, sufficiently familiar with current concussion management, that the student is symptom-free.

How can students prevent a concussion? Every sport is different, but there are steps students can take to protect themselves.

- Use the proper sports equipment, including personal protective equipment. For equipment to properly protect a student, it must be:
 - The right equipment for the sport, position, or activity;
 - Worn correctly and the correct size and fit; and
 - Used every time the student Practices and/or competes.
- Follow the Coach's rules for safety and the rules of the sport.
- Practice good sportsmanship at all times.

If a student believes they may have a concussion: Don't hide it. Report it. Take time to recover.

I hereby acknowledge that I am familiar with the nature and risk of concussion and traumatic brain injury while participating in interscholastic athletics, including the risks associated with continuing to compete after a concussion or traumatic brain injury.

SECTION 4: UNDERSTANDING OF SUDDEN CARDIAC ARREST SYMPTOMS AND WARNING SIGNS

What is sudden cardiac arrest?

Sudden cardiac arrest (SCA) is when the heart stops beating, suddenly and unexpectedly. When this happens blood stops flowing to the brain and other vital organs. SCA is NOT a heart attack. A heart attack may cause SCA, but they are not the same. A heart attack is caused by a blockage that stops the flow of blood to the heart. SCA is a malfunction in the heart's electrical system, causing the heart to suddenly stop beating.

How common is sudden cardiac arrest in the United States?

There are about 300,000 cardiac arrests outside hospitals each year. About 2,000 patients under 25 die of SCA each year.

Are there warning signs?

Although SCA happens unexpectedly, some people may have signs or symptoms, such as:

- dizziness
- lightheadedness
- shortness of breath
- difficulty breathing
- racing or fluttering heartbeat (palpitations)
- syncope (fainting)
- fatigue (extreme tiredness)
- weakness
- nausea
- vomiting
- chest pains

These symptoms can be unclear and confusing in athletes. Often, people confuse these warning signs with physical exhaustion. SCA can be prevented if the underlying causes can be diagnosed and treated.

What are the risks of practicing or playing after experiencing these symptoms?

There are risks associated with continuing to practice or play after experiencing these symptoms. When the heart stops, so does the blood that flows to the brain and other vital organs. Death or permanent brain damage can occur in just a few minutes. Most people who have SCA die from it.

Act 59 – the Sudden Cardiac Arrest Prevention Act (the Act)

The Act is intended to keep student-athletes safe while practicing or playing. The requirements of the Act are:

Information about SCA symptoms and warning signs.

- Every student-athlete and their parent or guardian must read and sign this form. It must be returned to the school before participation in any athletic activity. A new form must be signed and returned each school year.
- Schools may also hold informational meetings. The meetings can occur before each athletic season. Meetings may include student-athletes, parents, coaches and school officials. Schools may also want to include doctors, nurses, and athletic trainers.

Removal from play/return to play

- Any student-athlete who has signs or symptoms of SCA must be removed from play. The symptoms can happen before, during, or after activity. Play includes all athletic activity.
- Before returning to play, the athlete must be evaluated. Clearance to return to play must be in writing. The evaluation must be performed by a licensed physician, certified registered nurse practitioner, or cardiologist (heart doctor). The licensed physician or certified registered nurse practitioner may consult any other licensed or certified medical professionals.

I have reviewed and understand the symptoms and warning signs of SCA.

Section 8: Re-CERTIFICATION BY LICENSED PHYSICIAN OF MEDICINE OR OSTEOPATHIC MEDICINE

This Form must be completed for any student who, subsequent to completion of Sections 1 through 6 of this CIPPE Form, required medical treatment from a licensed physician of medicine or osteopathic medicine. This Section 8 may be completed at any time following completion of such medical treatment. Upon completion, the Form must be turned in to the Principal, or the Principal's designee, of the student's school, who, pursuant to ARTICLE X, LOCAL MANAGEMENT AND CONTROL, Section 2, Powers and Duties of Principal, subsection C, of the PIAA Constitution, shall "exclude any contestant who has suffered serious illness or injury until that contestant is pronounced physically fit by the school's licensed physician of medicine or osteopathic medicine, or if none is employed, by another licensed physician of medicine or osteopathic medicine."

NOTE: The physician completing this Form must first review Sections 5 and 6 of the herein named student's previously completed CIPPE Form. Section 7 must also be reviewed if both (1) this Form is being used by the herein named student to participate in Practices, Inter-School Practices, Scrimmages, and/or Contests in a subsequent sport season in the same school year AND (2) the herein named student either checked yes or circled any Supplemental Health History questions in Section 7.

If the physician completing this Form is clearing the herein named student subsequent to that student sustaining a concussion or traumatic brain injury, that physician must be sufficiently familiar with current concussion management such that the physician can certify that all aspects of evaluation, treatment, and risk of that injury have been thoroughly covered by that physician.

Section 9: CIPPE MINIMUM WRESTLING WEIGHT

INSTRUCTIONS

Pursuant to the Weight Control Program adopted by PIAA, prior to the participation by any student in interscholastic wrestling, the Minimum Wrestling Weight (MWW) at which the student may wrestle during the season must be (1) certified to by an Authorized Medical Examiner (AME) and (2) established NO EARLIER THAN six weeks prior to the first Regular Season Contest day of the wrestling season and NO LATER THAN the Monday preceding the first Regular Season Contest day of the wrestling season (See NOTE 1). This certification shall be provided to and maintained by the student's Principal, or the Principal's designee.

In certifying to the MWW, the AME shall first make a determination of the student's Urine Specific Gravity/Body Weight and Percentage of Body Fat, or shall be given that information from a person authorized to make such an assessment ("the Assessor"). This determination shall be made consistent with National Federation of State High School Associations (NFHS) Wrestling Rule 1, Competition, Section 3, Weight-Control Program, which requires, in relevant part, hydration testing with a specific gravity not greater than 1.025, and an immediately following body fat assessment, as determined by the National Wrestling Coaches Association (NWCA) Optimal Performance Calculator (OPC) (together, the "Initial Assessment").

Where the Initial Assessment establishes a percentage of body fat below 7% for a male or 12% for a female, the student must obtain an AME's consent to participate.

For all wrestlers, the MWW must be certified to by an AME.

Student's Name _____ Age _____ Grade _____
Enrolled in _____ School _____

INITIAL ASSESSMENT

I hereby certify that I have conducted an Initial Assessment of the herein named student consistent with the NWCA OPC, and have determined as follows:

Urine Specific Gravity/Body Weight _____ / _____ Percentage of Body Fat _____ MWW _____

Assessor's Name (print/type) _____ Assessor's I.D. # _____

Assessor's Signature _____ Date ____/____/____

CERTIFICATION

Consistent with the instructions set forth above and the Initial Assessment, I have determined that the herein named student is certified to wrestle at the MWW of _____ during the 20____ - 20____ wrestling season.

AME's Name (print/type) _____ License # _____

Address _____ Phone () _____

AME's Signature _____ MD, DO, PAC, CRNP, or SNP Date of Certification ____/____/____
(circle one)

For an appeal of the Initial Assessment, see NOTE 2.

NOTES:

1. For senior high school wrestlers coming out for the Team AFTER the Monday preceding the first Regular Season Contest day of the wrestling season the OPC will remain open until January 15th and for junior high/middle school wrestlers coming out for the Team AFTER the Monday preceding the first Regular Season Contest day of the wrestling season the OPC will remain open all season.
2. Any athlete who disagrees with the Initial Assessment may appeal the assessment results one time by having a second assessment, which shall be performed prior to the athlete's first Regular Season wrestling Contest and shall be consistent with the athlete's weight loss (descent) plan. Pursuant to the foregoing, results obtained at the second assessment shall supersede the Initial Assessment; therefore, no further appeal by any party shall be permitted. The second assessment shall utilize either Air Displacement Plethysmography (Bod Pod) or Hydrostatic Weighing testing to determine body fat percentage. The urine specific gravity testing shall be conducted and the athlete must obtain a result of less than or equal to 1.025 in order for the second assessment to proceed. All costs incurred in the second assessment shall be the responsibility of those appealing the Initial Assessment.
